A little festival that's big on community involvement

What it's all about

The Little Arts Festival is for artists, enthusiasts and audiences of all ages and interests, in all the areas around Rushlake Green. So please whatever your thing - whether it's contributing or performing, helping to make it happen, or being ready to turn out and show support on the day – please get involved, have some fun, and make it your festival.

Local people made it happen

Local artists and arts groups have been at the heart of the project – contributing ideas and helping to shape the programme. And we've also had tremendous support from local people across the area – pledging their time and registering as Friends.

What you can do

If you haven't already done so, you can show your support by becoming a Friend of the festival. You'll get information and a discount on tickets. See our website or pick up a membership form in Rushlake Green Stores.

How you can join in

On page 9 you can see some examples of how you can join in – both before the festival starts and also during festival week itself.

Where it's happening

Many of the events will take place in the Dunn Village Hall. Drop in and find out more about what's on. And we're in venues in a wide area surrounding, from Bodle Street Green and Turners Green to Warbleton, Vines Cross and Horam.

On day 3 you can enjoy the wonderful singing of Sussex Harmony in Warbleton Church

People & Places . . . Past & Present

Our creative theme of 'People & Places . . . Past & Present' is about what inspires and interests us all. People we know, people from past generations and how they lived their lives. How the past informs our present day lives.

People & Places Present

This festival is a celebration of the rich variety of creative and inspired arts activities across all the communities that surround Rushlake Green. Local artists, local poets, local craft makers, local musicians and local performers.

People Past

This is not just about local people from the past but also about the past recollections of people living here now

– earliest memories, photographs, how local communities have evolved and changed. We've also got music from the past. The 120-year history of the Brass Band, music on ancient instruments, early choral music, Sussex stories, folk songs and folk-lore

Places Past

We've invited people to explore how local places have evolved across generations. We've a history walk around Rushlake Green, looking at the history of local buildings and the many local trades that existed in previous centuries. We've exhibitions of local historical material and an opportunity for you to contribute your own knowledge about your house, or a place you know about locally.

Vibrant music combines with the Warbleton bell-ringers' peals to recreate the sounds of a bygone era. Sussex Harmony (a group of costumed singers and instrumentalists) researches, and keeps alive, the sacred and secular music heard throughout our rural villages in the 18th and 19th centuries. The Spanish guitarists Fernando Sor and Dionisio Aguado both settled in Paris in the mid-1820s and lived there until almost the end of the 1830s. They gave concerts together and Sor dedicated several pieces to his colleague including the one from which this programme takes its title. A selection of solo works will be performed on original 19th century guitars made in Paris in the 1830s similar to those played by Sor and Aguado.

They are encouraged to insert a slip of paper in each, with their own personal comments on the book. Non-book club people are welcome to attend, but asked to make a contribution to charity for any books taken. Not a general second hand book sale but an opportunity for interested readers to meet. Local author Henrietta Garnett has written several memoirs, biographies and a novel, *Family Skeletons*, much acclaimed in the UK, France and the States. She is also a frequent contributor to *The Literary Review*, writes occasionally for *The Spectator*, and has lectured widely both here and abroad. Born in Bloomsbury and with much of her early life spent at Charleston, Henrietta is the daughter of David and Angelica Garnett, and the granddaughter of the artists Duncan Grant and Vanessa Bell (who was Virginia Woolf's sister). Henrietta's biography of her ancestor Anny Thackeray (the daughter of the novelist William Makepeace Thackeray) was published to great critical acclaim in 2004. In 2012 Henrietta published *Wives and Stunners*, which tells the story of the women who were the wives, mistresses and muses of the Pre-Raphaelite Brotherhood, and the inspiration behind the work of Dante Gabriel Rossetti, William Morris and Edward Burne-Jones. This intimate talk will cover both the subject matter of '*Wives and Stunners*' and also Henrietta's own experiences growing up as a member of the Bloomsbury Group dynasty, promising to make this one of the hot tickets of the festival.

We have published a number of books, which are available at our meetings in the Dunn Village Hall at 7.30pm on the second Monday of the month, except August. Ticketed event. Prior booking required.

A fabulous night of music. Four acts, all different, all entertaining.

Opening the concert are Ros and Peter Liddiard, who live in Winchester, but have a special relationship with Rushlake Green, where they have friends, and where they have enjoyed being part of the concerts following the annual village horticultural show. They also brought their nostalgia show, Thanks for the Memory, to the village hall. They also thoroughly enjoy presenting comedic songs, which form the bulk of their contribution tonight.

Following them is the wonderful Sussex singer, Noel Dumbrell. Noel was born over eighty years ago in West Sussex, sings songs that tell of life in the Sussex countryside many years ago. He also plays the harmonica. You'll love him.

The third act are unique, Skiddle Am Bam, the jug band. You might remember them from many years ago playing in the Songs in the Candlelight suppers here in Rushlake Green. A jug band is a sort skiffle group with music played on a t-chest bass, washboard and guitars.

And finally Got Milk, a great band from Brighton. They have been playing together in various iterations for the last 6 years with one goal: to have fun. This has influenced their choice of genre, or rather lack thereof, resulting in a wild mesh of covers from the 60s to the modern day. Expect to hear motown then punk rock. Reggae, then noughties pop. Soul then disney... Anything goes! Made up of teachers, programmers, personal trainers and more, all of whom moonlight as top-tier musicians, you're in for a ruddy good time.
